Subject: Petit St. Vincent Resort

Dear Mr Wanner, This is to confirm that the Island of Petit St. Vincent has been using your reverse osmosis pumps successfully for at least the past 15 years. It is standard for us to operate the pumps 24 hours a day and they are maintenance free. We overhaul the pumps every few years. I am 100% satisfied with these pumps.

Sincerely,
Lynn Richardson
Managing Director

Advantages of Hydra-Cell pump on this application

Hydra-Cell was chosen for this application for the following reasons:

- Seal-less design
- No seal maintenance
- Runs dry indefinitely
- Very simple service which can be done in-situ
