

Application story

WANNER
HYDRA-CELL® PRO
SEAL-LESS PUMP TECHNOLOGIES

Pumping Refrigerant Reliability and Safely

Location	Poland	Hydra-Cell model	G03XKBGFCECA
Type of application	Pressure Injection	Flow rate	Various (according to test protocols)
Liquid	Refrigerants	Pressure	Up to 50 bar (725 psi)
Application details	Gór-Stal is a major Polish producer of polyisocyanurate (PIR) insulation panels, and polyurethane sandwich panels, manufacturing in Gorlice and Bochnia for sale throughout Europe. In a programme for process improvement, the Company installed a test rig as part of the Hennecke PU sandwich panel line, in order to test various refrigerants. A Hydra-Cell pump was selected for its seal-less, leak-free operation and proven outstanding reliability for pumping hazardous liquids, safe guarding operators and the environment. The pump has been running for a number of years only requiring minimal servicing, saving the customer time and money with no unplanned downtime.		
Advantages of Hydra-Cell pump on this application	Seal-less, leak-free operation and proven outstanding reliability for pumping hazardous liquids.
